## Red Flag Policy: Protecting you from identify theft

Regulations from the Federal Trade Commission require that Mountrail-Williams Electric Cooperative (MWEC) implement a "Red Flag Policy" that expands our internal policies by putting procedures in place to protect member-owners from potential identify theft. The regulation is intended to identify, mitigate and prevent identity theft. The focus is primarily on "red flags" which are defined as a pattern, practice or specific activity the indicates the possible existence of identity theft.

Possible "red flags" include fraud alerts; credit freezes; address discrepancies; inconsistent patterns of activity on a member-owner's or applicant's account; document applicants or photo ID's that appear to have been altered or forged; and personal identifying information that is inconsistent when compared to other personal identifying information.

Please choose **ONE** of the following Hint Questions to answer:

- What is the name of your favorite childhood friend? Answer: \_\_\_\_\_
- In what city did your parents meet? Answer: \_\_\_\_\_
- What was the make and model of your first car? Answer: \_\_\_\_\_

Our Pay-by-Phone (IVR) and Online Payment System (Smart Hub) allows members to check their account balance, make payments, and sign up for recurring credit card or electronic check payments any time of the day or night. Credit card and/or bank information stays private and safe.
